

# List of Hertfordshire Superfast Extension Programme postcodes

## Version 2 - Accelerated timescale

### Information

This document provides a high level overview of the Hertfordshire postcodes that are part of the for Superfast Extension programme.

This information is subject to further detailed survey and is therefore indicative change during the life of the programme.

Fibre upgrades can be dependent on many factors, such as permission to place the cabinet and condition of existing infrastructure, which can cause unexpected delays or even result in a cabinet upgrade not being possible at all

### Using this file

The postcodes are listed alphabetically. Alternatively, this file can be searched by using Edit>Find (or Ctrl+F) and then entering your postcode (including the space). If your postcode is in the list, then it is due to be upgraded, **subject to the dependent factors above.**

**Following the recent sign-off of an acceleration package, the revised dates for the Phases are now as follows:**

Phase	Starts	Ends
Phase 1	<del>1 July 2016</del> 1 January 2015	<del>30 September 2017</del> 31 March 2017
Phase 2	<del>1 January 2017</del> 1 June 2016	<del>31 March 2018</del> 30 September 2017
Phase 3	<del>1 July 2017</del> 1 Jan 2017	<del>30 September 2018</del> 30 March 2018
Phase 4	<del>1 January 2018</del> 1 June 2017	<del>31 March 2019</del> 30 June 2018

**Please note:** some postcodes are a mix of two Phases (e.g. "Phase 2, Phase 3"), or are a mix of premises some of which are in a Phase and some of which are not e.g. ("Phase2, No Build"). At this stage we cannot state which particular premises are in which Phase, or which are those premises not in a phase. This information will be available later in the programme
